

Coffee by the Forest

The Experience

'Coffee by the Forest' is a quick 3 day / 2 night weekend getaway that takes a calming stroll through the forests of Coorg.

We will welcome the morning with the dawn chorus of birds, we'll explore hidden streams and ramble along quiet forest trails. Through the moments in-between we'll explore the tinier residents of the forest – from mushrooms that tower over the forest floor to damselflies that gracefully hunt in the streams.

This program is ideal for anybody looking for a weekend getaway from Bangalore into the green embrace of nature.

The experience is curated to give you plenty of active time in nature; interspersed with moments to stop, enjoy stunning views and rethink every decision you've ever made in life – other than the one to come on this program.

The destination

The **November Rain** Estate is a stunning mix of coffee and lush forest. Set right next to Tadiandmol (3rd highest peak in Karnataka), the estate enjoys an incredible view of green grassland and forests in all directions.

The forested trails of the property are filled with tall trees, abundant streaks of Liana and a rich diversity of life that calls this space their home.

The streams that run through the estate are decorated with densely packed ferns, flitting damselflies and a plethora of other creatures.
